# Embracing Change

*Discerning God's Will For Your Life*

"Embrace change." That's what people tell us to do. It's easy to embrace *good* changes, but what if the changes are painful? What if the changes interfere with our life? Do we really need to embrace *these* changes?

There are even times when we are asked to make *good* changes that we don't want to embrace. Life is easier when things remain status quo, especially when life is going smoothly.

When we accept Christ as our personal Savior and are born again, we are as "... *newborn babies craving spiritual milk.*" But guess what? Everyone has to grow up, and that means facing the changes placed before us. God wants to lead us to spiritual maturity, serving Him to our greatest potential. When we are willing to embrace these changes, God will give us the ability to soar.

Come to this year's women's retreat and find out how you can *change your heart* by embracing change and discerning God's will for your life.

~ Kim McCormick

Do not conform to the pattern of this world,  
 but be transformed  
 by the renewing of your mind.  
 Then you will be able to test and approve  
 what God's will is -  
 his good, pleasing and perfect will.  
 Romans 12:2
